Motorized Pit Vehicles (NEW NHRA POLICY)

Due to insurance regulations, new this season at ALL Division 5 NHRA racetracks, it is a requirement that all Motorized Pit Vehicles (Scooters, Sprees, Golf Carts, 4-Wheelers, etc) be registered at the Racetrack in order to be operated at the track. The cost is \$10, a registration form must be completed to keep on file at the track, and a sticker will be issued to affix to the pit vehicle. This Pit Vehicle Registration is **not optional** and is **mandated** by the NHRA. Complete details and forms are on the website www.cordovadrag.com and at each track. Mini-bikes, ATV's, golf carts and related vehicles can ONLY be operated by licensed drivers. Each vehicle must display the car number of the team/driver it is with. Reckless driving of any type will NOT be tolerated, and the team/driver will be verbally warned for the first offense and the second offense will result in a disqualification from the racing event. These types of vehicles must be operated in a safe manner at all times, as mandated by our insurance company. No such vehicle is to be operated in the restricted area of the pits, EVER! This will be strictly enforced!!

NHRA UNLEASHED EVENT PRE-ENTRIES INFO
NEW HEADS-UP EVENT AT CORDOVA, JULY 14-16

The newest event on the 2011 Schedule of Events at CDP is the **NHRA UNLEASHED**. The event is Thursday through Saturday, July 14-16. The event features several classes of competition (listed below) including heads-up index classes. Beginning in the first part of April, CDP started taking pre-entries for racing. "It is our understanding that some of the index classes can be rather large, therefore NHRA is asking that we take pre-entries for the event," said Scott Gardner, "however we are not really sure if we will fill all the classes or not" he continued.

CDP will also release the detailed schedule, class payouts and other information on the event. For the NHRA Unleashed rules go to www.nhraunleashed.com
